The Hong Kong Metals Manufacturers Association (HKMMA)

The Hong Kong Metals Manufacturers Association (HKMMA) was established and registered on 15th December 1994 as a non-profit-making trade association. We aim to enhance the association among industry members, upgrade the production techniques and management capability, and strengthen the market competitiveness of the industry as a whole. By uniting industry members, HKMMA is also committed to safeguarding the common interests and promoting the industrial and social image of metals manufacturing industry.

We currently have cumulatively over 700 members (includes Company member and Individual member). In order to facilitate communications and technological interchange among member companies, HKMMA regularly organizes study missions, factory visits, seminars and members' participation in related exhibitions. We also publishes periodical publications and operate the association website. Moreover, the Association has been keeping in close contacts and maintaining good co-operation relationships with other trade and industrial organizations, professional bodies and related government departments in Hong Kong, the mainland and overseas, so as to voice out industry's concerns and opinions, and seek any necessary support for the development of metals manufacturing industry.

Objectives of The Hong Kong Metals Manufacturers Association (HKMMA)

1. To safeguard the common interests and promote the public image of Hong Kong's metals manufacturing industry
2. To enhance interaction and technology exchanges among members.
3. To provide members with information on technology, management and marketing, and thereby strengthen the competitiveness in international marketplace.
4. To establish contacts with the government, other industrial and trade organizations, and professional bodies.
5. To establish connections and co-operations with metals manufacturing industry in the mainland and overseas.
6. To co-ordinate with manufacturers in the mainland and overseas, and assist members in resolving problems on legal matters, property rights and business disputes.
7. To plan, organize and sponsor related activities for the development of metals manufacturing industry.
